## Introduction

The Acadiana Metropolitan Planning Organization (AMPO), is housed under the Acadiana Planning Commission (APC) and is the regional planning body for the Acadiana area. An MPO is created where census defined urbanized areas are found to have a population greater than 50K. MPO's that have a population greater than 200,000 residents are designated as a Transportation Management Area (TMA). MPOs are tasked with certain core functions related to transportation planning as per the Code of Federal Regulations through the federal reauthorization of transportation funding through the FAST Act. MPOs are required to maintain a Long-Range Transportation Plan with a 20-year horizon, a Congestion Management Process (CMP) and a Transportation Improvement Program (TIP) which is a 4-year short term allocation of federal, state and local transportation funding. The allocation of transportation funding is based off of a formula derived from the MPO area's population. This funding, along with all federal transportation funding allocated in the Metropolitan Planning Area (MPA) should be expended on projects and endeavors that support the AMPO's goals and objectives, laid out by the Metropolitan Transportation Plan. To learn more about AMPO click here: <http://mpo.planacadiana.org/>

### Purpose of the Annual List of Obligated Projects

The annual list of obligated projects serves as public accountability and helps MPOs determine how and where money is being spent within its MPA. The Code of Federal Regulations states the following:

*§450.334 Annual listing of obligated projects.*

- (a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.*

Through cooperation with the DOTD, FHWA and Lafayette Transit System (LTS) a list of projects is derived annually which shows the types of Federal funds that have been spent throughout the MPA the previous Federal Fiscal Year (October 1<sup>st</sup> thru September 31<sup>st</sup>). This list has pertinent information such as project names, amount of funding spent, date on which the funding was spent etc. Transit funding lists are derived from funding approved for expenditure in the previous fiscal year.

## Catalogue of Federal Funding Sources

<u>Funding type</u>	<u>Funding description</u>
DEMOPUR	Congressional High Priority or Demonstration Project; repurposed
DEM01D 129	Congressional High Priority or Demonstration Project
ER	FHWA Emergency Relief
FBR-OFF	Federal Off-System Bridge Program
FREIGHT-HY	NATIONAL HIGHWAY FREIGHT PROGRAM
FREIGHT-PR	NAT SIG FREIGHT AND HWY PROJ
HSIP	Highway Safety Improvement Program
HSIPPEN	Highway Safety Improvement Program Penalty transfer funds
NHPP	National Highway Performance Program
NHPP-E	National Highway Performance Program Exempt
NHS	National Highway System
RAIL HE	Railway Hazard Elimination
RAIL PD	Railway Protect Develop
RTP	Recreational Trails Program
SRTS NON	Safe Routes to Schools Non-Infrastructure
STP FLEX	Surface Transportation Program funds programmed statewide through DOTD needs assessment process
STP>200K	Surface Transportation Program funds for Urbanized areas >200k
5339	Section 5339 Bus and Bus Facilities (transit funds)
5307	Section 5307 Urbanized Area Formula (transit funds)

## Conclusion

In Federal Fiscal Year 19 a total of about \$127,000,000 was spent in Acadiana's Metropolitan Planning Area. In this fiscal year: \$90 million dollars was spent on the widening of I-10: LA 328 to LA 347 and \$16 million was allocated to the US 167 Access management project.

The Acadiana MPO's federal funding allocations are designated in the program as STP>200K Funding Source. In Federal Fiscal Year 19 a total of \$1,087,990.62 was allocated under this program for the Acadiana MPO area. The allocated funding went to the construction phase of the roundabout located at Girard Park Drive and Hospital Drive, the design phase of the Prejean Road Pavement Preservation project, and the construction phase of La. 31 Pavement Preservation project in Breaux Bridge. The chart below details money spent by funding source for highways.

Approximately \$4 million dollars was spent on transit in Federal Fiscal Year 2019 in the form of Urbanized Area Formula Grants (5307) and Buses and Bus Facilities Formula Grant (5339). As the only major transit provider for the area Lafayette Transit System (LTS) was the recipient of these funds.
