Introduction

The Acadiana Metropolitan Planning Organization (AMPO) is housed under the Acadiana Planning Commission (APC) and is the regional planning body for the Acadiana area. MPO are designated for census defined urbanized areas with a population greater than 50K. MPOs that have a population greater than 200,000 residents are designated as a Transportation Management Areas (TMA). MPOs are tasked with certain core functions related to transportation planning as per the Code of Federal Regulations via the federal reauthorization of transportation funding through the FAST Act. MPOs are required to maintain a Long-Range Transportation Plan with a 20-year horizon, a Congestion Management Process (CMP) and a Transportation Improvement Program (TIP), a 4-year short term allocation of federal, state, and local transportation funding. The allocation of transportation funding is based off a formula derived from the MPO area's population. This funding, along with all federal transportation funding allocated in the Metropolitan Planning Area (MPA), should be expended on projects and endeavors that support the AMPO's goals and objectives as laid out by the Metropolitan Transportation Plan.

Purpose of the Annual List of Obligated Projects

The annual list of obligated projects provides public information regarding the obligation of federal transportation funds in the Metropolitan Planning Area. The Code of Federal Regulations states the following:

§450.334 Annual listing of obligated projects.

- (a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.*

Through cooperation with the DOTD, FHWA, and the Lafayette Transit System (LTS), a list of projects is derived annually which shows the types of Federal funds that have been obligated throughout the MPA for the previous Federal Fiscal Year (October 1st thru September 31st). This list details information such as project names, amount of funding spent, date on which the funding was spent, and other relevant information for the public and decision makers on transportation transactions in the MPA. Transit funding lists are derived from funding approved for expenditure in the previous fiscal year.

Catalogue of Federal Funding Sources

<u>Funding type</u>	<u>Funding description</u>
DEMOREPUR	Congressional High Priority or Demonstration Project; repurposed
DEMROID 129	Congressional High Priority or Demonstration Project
ER	FHWA Emergency Relief
FBR-OFF	Federal Off-System Bridge Program
FREIGHT-HY	NATIONAL HIGHWAY FREIGHT PROGRAM
FREIGHT-PR	NAT SIG FREIGHT AND HWY PROJ
HSIP	Highway Safety Improvement Program
HSIPPEN	Highway Safety Improvement Program Penalty transfer funds
NHPP	National Highway Performance Program
NHPP-E	National Highway Performance Program Exempt
NHS	National Highway System
RAIL HE	Railway Hazard Elimination
RAIL PD	Railway Protect Develop
RTP	Recreational Trails Program
SRTS NON	Safe Routes to Schools Non-Infrastructure
STP FLEX	Surface Transportation Program funds programmed statewide through DOTD needs assessment process
STP>200K	Surface Transportation Program funds for Urbanized areas >200k
5339	Section 5339 Bus and Bus Facilities (transit funds)
5307	Section 5307 Urbanized Area Formula (transit funds)

Summary

In Federal Fiscal Year 2020, approximately \$ 129,243,956 of funding on 66 projects was obligated in the Acadiana Metropolitan Planning Area. The highest value project was H.003014: I-10 Widening from LA 347 to the Atchafalaya Basin Bridge at \$24 million dollars, followed by the H.010601: I-10 Widening from LA 328 to LA 347.

The Acadiana MPO’s federal funding allocations are designated in the program as STP>200K Funding Source. In Federal Fiscal Year 2020, a total of \$11,976,998 was obligated under this program for the Acadiana MPO area. The projects receiving obligated funding under the program are the Roundabout at Girard Park Drive and Hospital Drive in Lafayette, the Prejean Road Pavement Preservation project in Carencro, the La. 31 Pavement Preservation project in Breaux Bridge, the Adaptive Traffic Signal Improvements in Lafayette, the Cameron Street Overlay Project in Scott, and the Cypress Island Highway Pavement Preservation project in St. Martin Parish. The chart below indicates total federal obligations for 2020 by parish.

Approximately \$9,942,321 dollars was obligated on transit funding in Federal Fiscal Year 2020 in the form of Urbanized Area Formula Grants (5307), Buses and Bus Facilities Formula Grant (5339), and CARES Act funding. As the only major transit provider for the area, Lafayette Transit System (LTS) was the recipient of these funds.

*Not all projects can be categorized. Categories with negative funding omitted from chart.

2020 Federal Highway Funding By Parish
