The Regional Steering Committee of Watershed Region 5, Capital Improvement Program Subcommittee will hold a meeting on Thursday, July 16, 2020 at 10am. This meeting is in accordance with Louisiana Watershed Initiative activities and is integral to providing a sustainable, institutional basis to increase continuity, improve flood resilience, and enable more effective flood prevention within our region.

In an effort to reduce and limit the spread of COVID-19 in Louisiana, and to preserve the health and safety of all members of the public, the Governor has declared the COVID-19 Public Health Emergency and ordered that it is necessary to limit public gatherings in a single place in an effort to avoid individuals being in close proximity to one another.

As a result of the public emergency, the limitations imposed on public gatherings and personal interactions, and the need for a number of members to travel to any physical meeting location from parishes where confirmed cases of COVID-19 have occurred, the Acadiana Planning Commission for Region 5 hereby certifies that in order to protect the lives, property, health, safety, and welfare of the citizens of Louisiana, it is necessary to conduct the Regional Steering Committee's CRS & Floodplain Management Subcommittee Meeting on Thursday, July 16, 2020 by teleconference or video conference.

Therefore, in accordance with Section 4 of Governor's Proclamation Number 30 JBE 2020: Additional Measures for COVID-19 Public Health Emergency, the Regional Steering Committee of Watershed Region 5 will hold its Capital Improvement Program Subcommittee meeting virtually for the public to participate.
